GENATT ASSOCIATES, INC. ■ Insurance

August 15, 2001

Steve Shulman  
Mafco Industries  
Fax No: 1-203-849-9177

Dear Steve,

This will confirm our telephone call of today. The Boiler Loss was reported to CNA on 8/14/01 and assigned to Bob Podges of their mid-west office. His telephone number is 1-330-678-0991. I know he left a couple of voice messages with Bob Kaminsky. I assume they made contact by this time.

This loss contains two coverage parts.

1. Direct Damage to the object. This loss will be subject to a \$ 25,000 deductible.
2. The second component is business interruption and it is subject to a deductible equal to 2X the average daily value. This is determined by dividing the number of work days into the annual value as previously reported. The only schedule we have on hand indicates for this location an annual value of \$ 3, 595,000.

Based on the number of days per week, 5 or 6 the deductible can be either \$23,044 or \$27,653 respectively. Furthermore, business interruption includes Extra Expense. This is the difference between the cost of production after the loss and the cost of production prior to the loss. Also included as Extra Expenses are cost of emergency services, merchandise or other property of other concerns. Renting a temporary boiler and purchasing stock from others to maintain production would fall within this category. All of these comments need to be confirmed by the CNA adjustor assigned to the case.
